[BOOST Technology from Clarke](#)

If you demand high levels of cleaning with the ultimate in green benefits, BOOST® technology offers a 70% reduction in water and chemicals, 40% increase in pad life, and longer battery runtimes compared to traditional disc models. BOOST is also the only technology that truly performs chemical-free stripping. By using BOOST in your LEED EB program, you can earn one point when "green" cleaning machines are used (EQ credit 3.7). All Clarke Focus brand autoscrubbers and the new BOS-18 floor machine feature BOOST.

Trade In Your Old VHS Training Programs For New DVDs!

If you have old VHS videotape training programs that you would like to replace with new, up-to-date DVD programs this is for you! For every VHS program that you return...from any producer...you can purchase a DVD of your choice from **MARCOM's** safety, regulatory compliance and human resources training library at 50% off our normal prices.

So now is the perfect time to clean out your training library! Go through your library and get those old videotapes off your shelves...and update your training programs at the same time! There's no limit to the number of videotapes you can trade in...and you can select English or Spanish DVDs. And remember, **MARCOM's** DVDs are only \$99.95 for general safety topics and \$195 for regulatory compliance topics...so with your VHS trade-ins you can update your library for as little as \$50.00 a DVD!

For a complete list of the programs that are available, and to get more information on **MARCOM's** trade-in offer, go to <http://www.facilitycare.com/2009/6-30-marcom.htm>, or contact your **MARCOM** distributor or call us at 800-654-2448.

Anthrax Remedy Approved

EPA approves the first pesticide to deactivate anthrax spores on hard surfaces.

Leadership Training Camp

September 14 – 15, 2009

Ponte Vedra Beach, FL

<http://www.leadertrainingcamp.com/>

You already know how important strong leadership skills are, but Leadership Training Camp goes beyond just reciting the skills you need

to succeed. During your time here, we'll offer a proven method for developing these skills, while providing you with approaches for applying those techniques in today's fast-paced corporate environment. Past attendees agree that this is more than just concept presentation. You'll find real answers to real problems with the steps you need to facilitate change!

With 2 full days of classroom instruction, your registration fee gets you access to interactive presentation sessions with direct feedback and group coaching. We specifically limit the attendance to ensure that you receive the personal attention you need from our speaker and that is so essential to the learning process. Visit our Web site at <http://www.leadertrainingcamp.com/> or call 1-800-431-7571 for more information.

American Speaker Training Camp

September 21 – 22, 2009

Anaheim, CA

<http://www.speakertrainingcamp.com/>

Join us in Anaheim for the American Speaker Training Camp. You will have the opportunity to watch volunteers demonstrate their skills under the watchful and gentle analytical eye of the facilitators. No embarrassing "critique" here, the facilitators understand you can't grow beautiful orchids by bashing them on the head. They have to be nurtured, which is just what they'll do here with their volunteers.

With 2 full days of classroom instruction, your registration fee gets you access to interactive presentation sessions with direct feedback and group coaching. We specifically limit the attendance to ensure that you receive the personal attention you need from our speakers and that is so essential to the learning process. Safety Leadership Training Camp

Nashville, TN

November 2 - 4, 2009

<http://www.safetyleadershiptrainingcamp.com/>

Join us for the Safety Leadership Training Camp. We'll focus on proven methods for catalyzing significant improvements in Safety performance and culture, through improving baseline behaviors and surroundings at work and at home, while examining leadership in the safety profession. You will have the chance to learn from two top-level safety leadership professionals on the key traits of leaders. This is an event you won't want to miss! Visit our Web site at <http://www.safetyleadershiptrainingcamp.com/> or call 1-800-431-7571 for more information.
